

DISTRICT MUNICIPALITY INSTILLS COURAGE AND PERSISTENCE

On the 15th and 16th of January marked the national official opening of inland and coastal schools for the first time in the history of South Africa. Ngaka Modiri Molema District Municipality played its role in this long awaited period to visit local schools, namely; Kebonang Secondary, Danville Primary, Sebopiwa Molema and Omega Primary schools under the leadership of the Department of Education led by Mr MP Mmolawa who is the circuit manager for Botshabelo in the Mafikeng region.

This exercise was initiated to provide support to schools that have been underperforming, it was also aimed at revisiting schools that were visited during the last push campaign. The campaign was aimed at assisting candidates for their year final examinations.

With the 2013 matriculants doing so well country wide, our District was not left behind as it came second in the country and first in the Province with 90.47% achievement all this did not come easy.

Congratulating the students that had performed well, our Political office and the Department of Education used this platform to encourage others to set their standards high and work hard towards achieving the best results.

Delegates from the Department visited religious congregations to motivate communities, leaders and parents in an effort to ensure that candidates make use of the period before the start of the examinations.
