the Department of SALGA, Old Mutual and

This type initiative is crucially important to the
councillors of Ngaka Modiri Molema.

Councillors today, are going to be
workshopped, informed and are going to

leave with the necessary skills that they required to develop themselves.

More-over councillors play a crucial role in the society that they reside in.

Financial Management assistance and programmes should not just be for the councillors.

We should go back to our communities with the knowledge that we will indulge in today and teach our communities on programmes and ways that can encourage them to do better for themselves.
